#Metal or direct selection
After taking any door…(eye opening process required peace sleeping shifting lane slowly to wake up 100% trying breathing not…there next stop
When they are pulling u in sure don't take breath for a second in a row…
Or select eye roll process to wake in next room {where half eye lid we have to lock in the middle}…)

vapour mode on…to fly and to convert yourself into gas and taking exit always…
Aligned you hip bone correctly to stay away from back pain
